**It's vaccine time. Covid, Flu, RSV.
4 tips for staying healthy this season.**

Recognize the symptoms of cold, flu, respiratory syncytial virus (RSV), and COVID-19, and know how to care for yourself when you're under the weather.

Keep a few COVID-19 self-tests at home and test if you have symptoms. This September, the federal government will restart its program to deliver 4 free COVID-19 self-tests per household.

Practice healthy habits like washing your hands and staying home when you're sick.

Follow CDC guidance to help prevent the spread when you're sick.

Remember, we are all vulnerable.
