**IT'S VACCINE TIME.
COVID, FLU, RSV.**

Recognize the symptoms of cold, flu, respiratory syncytial virus (RSV), and COVID-19, and know how to care for yourself when you're under the weather.

Keep a few COVID-19 self-tests at home and test if you have symptoms. The federal government has restarted its program to deliver free Covid tests

Practice healthy habits like washing your hands and staying home when you're sick. And follow the CDC guidelines to help prevent the spread when you're sick. And wear a mask when appropriate. Check your County guidelines.

Food for thought. At least three of our members developed Covid in the past couple of months. It's still here.

REMEMBER, WE ARE ALL VULNERABLE.
